بسم الله الرحمن الرحيم

Nutrition Center Profile

the *Nutrition Center for Training and Capacity building* NCTCB (ALTGHZEA Center). is a non-governmental private sector initiative and state of the art training facility.

It's a space dedicated to nutrition workforce development where they can gather, collaborate, and learn.

The NCTCB brings together a wealth of training materials and resources from across the Globe for all training, research and continued professional development needs. The NCTCB will provide access to quality training for individuals and institutions at international standards through the use of relevant technologies and methodologies.
